Teerapop Junchean

About Me

I'm a front-end developer and I can be a back-end too. My name is Teerapop Junchean. I'm 21 years old. I'm studying at Bangkok University. My major is "Computer Science". I'm into blockchain and defi right now.

Experience

2021
RANIRON

I have created a mini project that is about random numbers by using solidity for the back-end in this system and react for the front-end.

2021
The Rich

It is about "Defi (Decentralized Finance)" which brings blockchain to use in this. project.

2021
AADS (Army Air Defense System)

BU-MIT (Bangkok University)
